NEWS OF THE STATE.

Brief Items Culled From the Papers on Our Exchange Table.

It is estimated that the mines of California will produce \$2,000,000 a month during 1900.

A corporation from Butte City has been formed to work the Comet mine near Grass valley, Cal.

Henry Anderson is in the midst of his shearing and has shipped a lot of wool within the last few days.

Millwrights are engaged in erecting the addition to the Glasgow & Western company's mill at Cherry Creek, White Pine county, which when completed will be a guaranty of a deal of work being done in that section.

The Carson News says that Jack Wall has made a great strike in his copper mine about fourteen miles east of that town. For some time he has been sinking on the theory that a ledge was in existence below him and last week he struck it—and it was a five-foot one and very rich. If the ledge holds up to promise he will erect a small smelter at the mine.

Henry Thought He Was Shot.

Henry Riter yesterday received a shock to his nervous system that resulted in a loss in weight of about ten pounds. Some humorously inclined person secured a box of small paper caps, used generally for Fourth of July purposes, and a nicely polished toy gun to explode them with. Without warning he walked up to Henry and pulled the trigger. The report so startled him that he forgot to breathe for about five minutes. At least he figures it that time, as on looking at his watch he found that the shock was so severe that it had stopped.

MINES AND MINING

Items About Nevada's Leading Industry Clipped From Exchanges.

According to the Salt Lake Tribune Captain Delamar's mines in Lincoln county are producing \$100,000 in gold bullion monthly.

A force of men are at work in Confidence ravine, at Gold Hill, Storey county, opening an air hole for the Yellow Jacket shaft.

Pending the installation of heavier machinery for pumping, underground work has been suspended at the Reward mine in Nevada county, Cal. It is intended to change the motive power to water or electricity and enlarge the mill.

Kan Steele is getting things in shape at the Eclipse. He has just encountered a bunch of high grade gold ore in the north drift. Just now he is engaged in stripping the ledge and will shortly commence sacking for shipment.—Tas-carora Times-Review.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50c. Sold by S. J. Hodgkinson Druggist.

My son has been troubled for years with chronic diarrhoea. Sometime ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25 cent size he was cured. I give this testimonial, hoping some one similarly afflicted may read it and be benefited.—Thomas C. Brown, Glencoe, N. For sale by Wm. Pinniger, Druggist.

I make suits for 25 per cent less than other tailors; all wool business suits from \$20 to \$25; dress suits, \$25 to \$35; pants, from \$5 to \$12. All work kept in repair free of cost. Harry L. McDuffee, merchant tailor, 234 Virginia street.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and painful very much, but one good application of Pain Balm relieved me. For Sale by Wm. Pinniger, Druggist."

Acquitted of Petty Larceny.

E. A. Edison, charged with petty larceny, had his trial before Justice King at Verdi Wednesday afternoon. The prisoner was discharged. District Attorney Williams acted for the State.

For Ulcers, Wounds, Burns, Boils, Pain or Piles it's the best in the world. Cure guaranteed. Only 25 cents Sold by S. J. Hodgkinson druggist.

THE NEW FIRE ALARM.

A Description of the Workings of the Gamewell System.

When the new fire alarm system is completed, there will also be installed upon the tower of the engine house a large bell weighing about 800 pounds, which will be struck automatically by the fire alarm system and sound out the number four times of the box that has been pulled. This improvement will be greatly appreciated by the firemen and citizens, as it will be understood the present bell only weighs about 200 pounds, and the new one is 600 pounds larger and can be heard much further.

The engine house will be equipped with electric horse releases, so that when the gong sounds for an alarm they will be released by an electro-mechanical device instantly, and will immediately take their places under the harness at the pole. It is safe to say the driver will have to hustle to be there on time to hitch them up, or the horses will have the laugh on him.

An electro-mechanical clock is to be located in the engine house, which will strike three blows on the big tower bell and gongs at noonday and curfew hour each day. This will give us all a chance to set our watches (if we have one), and the three taps at curfew hour will remind us that it is time to go home, like all good little boys and girls should do.

The most important function of the clock, however, is to give two general tests of the system each day, and is really an automatic tester for the system.

The storage battery switchboard to handle the system, and which will be located in the engine house, is a handsome piece of furniture being constructed on slate and enclosed in a polished oak cabinet. This is to be located in the front of the house just between the big doors and will present a fine appearance and will go a long way towards finishing this large room.

The storage battery cells will be located in the cellar, where it is cool thus a minimum evaporation is assured, which is desirable. If the boys don't get "swelled" with all these new fangled things, it will be a caution to orioleers.

We are to have seventeen fire alarm boxes which will be located, as has been mentioned heretofore in the JOURNAL. All of which are to be connected with the best insulated line wire strung on iron fixtures attached to the tops of the new phone poles and others in this city. If the system is constructed in accordance with the specifications it will be second to none in the United States and will be a great improvement for our city.

WHAT FOSTER PROPHESES

The Journal's Guess at What the Weather Will Be.

Copyrighted 1900, by W. T. Foster.

ST. JOSEPH, MO., March 22.—My last bulletin gave forecast of the storm waves to cross the continent from March 23 to April 8 and next will reach Pacific Coast about April 4, cross west of Rockies country by close of April 5, great central valleys 6 to 8, Eastern States 9.

Warm wave will cross west of Rockies country about April 4, great central valleys 6, Eastern States 8.

Cool wave will cross west of Rockies country about April 7, great central valleys 9, Eastern States 11.

Temperature of the week ending 8 A. M., April 9, will average above normal in the great central valleys, above in Eastern States and below on Pacific slope.

About date of this bulletin temperature will be marching toward colder and rainfall will be increasing east of the Rockies; west the reverse may be expected.

First week in April will bring severe storms with great extremes of temperature and heavy rains over small extent of country, drouth in other small localities. Conditions will be favorable to tornadoes but very dangerous storms are not expected.

Western Union Wires Damaged.

Yesterday afternoon about two o'clock two tremendous discharges of lightning struck the wires of the telegraph company. The first one burned the switch board badly, in spite of the safety fuses, and the second one, about ten minutes later, razed ten telegraph poles near Vista and splintered two of them into matchwood, throwing fragments clear across the track. A rancher living near by thought some terrible explosion had occurred.

Rebekahs Entertain.

The local lodge of the Rebekahs entertained the Odd Fellows in the Investment building last evening. Dancing was indulged in until a late hour, when a delightful repast was spread. All report an enjoyable time.

UNOCCUPIED DOMAIN.

The Public Informed as to the Number of Acres Available for Occupancy.

Persons intending to purchase lands granted to the State of Nevada by the United States are notified that a dispatch received by State Land Register Kelley from W. M. Stewart and O. J. Kappler, State land agent at Washington, states that the records of the General Land Office show that under the two million acre grant the Secretary of the Interior has approved and certified to the State 1,932,951 acres, and that selections yet unapproved aggregate 68,849 acres.

This shows that the two million acre grant has been overdrawn to the extent of 1,200 acres, exclusive of selections made during the current month of March and not yet reported by the United States Land Office of Carson district to the General Land Office. Selections under the other land grants are, and for several years have been, suspended by order of the Commissioner of the General Land Office.

There are, however, over 500,000 acres of approved lands which have reverted to the State for various causes, but principally for failure of applicants to pay interest when it became due. These lands are subject to entry by legal applicants, and, as they have been approved to the State, applicants are not required to pay United States selection fees, or furnish non-mineral affidavits, but can immediately enter into contract with the State for the purchase of the lands.

Facts for Fish Eaters.

According to a report issued to the California Fish Commissioners by Wells, Fargo & Co., there were 16,000 pounds of trout shipped out of Reno during the fishing season last year. Most of this amount was consigned to San Francisco. It is estimated that the people of Reno use on an average during the trout season about four pounds of trout each, which means a total of 48,000 pounds of trout that are annually caught in the Truckee at this point.

Having a Great Run on Chamberlain's Cough Remedy.

Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind and it gives great satisfaction. In these days of a gripe there is nothing like Chamberlain's Cough Remedy to stop the cough, heal up the sore throat and lungs and give relief within a very short time. The sales are growing, and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by Wm. Pinniger.

Seriously Ill.

The Coming Attraction.

"Judge" Hawk, the character heavy
part in "On the Suwanee River," is one
of those hard hearted creatures that
has no sympathetic place in a well con-
structed play, but is very necessary to
its proper unfolding. The "Judge," as
portrayed by Lawrence Earl Atkinson,
an actor of established reputation, is a
cool, calculating, utterly selfish, but
humorously philosophical Southerner,
who, having once served as a justice of
the peace, is forever quoting or refer-
ring to the time "when I was on the
bench," unless occupied in plotting
against the happiness of others.

At McKissick's opera house, one
night only, Wednesday, March 28.

New machinery is being arranged for
by the lessees of the Bonner mine in
Nevada county, Cal., and it is expected
that the property will be reopened on a
large scale.

The Gould & Curry mining company
has received the amount of the insur-
ance policy due on the Bonner shaft
building and machinery damaged by
fire on March 11th.

A force of men went on at the Gould
& Curry Wednesday morning taking
out air pipe. A number also went to
work in the Belcher.

A Salt Lake expert employed by

Captain Delamar to examine the Hon-
duras gold mines reported unfavorably
on the properties.

IMPROVEMENTS.

Some of the Many Evidences of
Prosperity Briefly Item-
ized.

The good work being done in fitting
and grading on the Plaza, is a much
needed and gratifying improvement.
Chief of Police Brown has received
many compliments for the excellency
of his work.

C. S. Martin has men and teams at
work excavating on his lot on Virginia
street, opposite the Washoe County
bank, also a lot on Plaza, adjoining the
Bradley Co's. store. He will erect
handsome brick buildings on both
sites.

The brick work on the Avansino
building on Virginia street is rapidly
nearing completion. Barke Bros., who
are doing the work, are rustlers and
can turn out a first-class job about as
quickly as the next one.

The Porteous Decorative Co. is hav-
ing a cellar excavated beneath their
place of business, in order to accommo-
date the large stock of paints, paper
and building material generally in
their line, that they intend to lay in to
supply the large demand that the com-
ing season's work in building will
create.

Workmen are busily engaged in im-
proving and remodeling the house be-
longing to G. H. Taylor, which has
been moved from its frontage on South
Virginia street to the street west of
Virginia street. It will be a handsome
dwelling when completed. Mr. Taylor
will commence work on his new resi-
dence in the near future.

The commodious and handsome ad-
dition to the O. J. Smith residence is
nearing completion and adds much to
the appearance of the structure.

Excavating for an imposing residence
for Mrs. Jane Lake on the south side
of the river is progressing rapidly and
the work will be rushed to an early
completion.

These are but a few of the improve-
ments now in progress. Others will be
given recognition from time to time in
the near future.

Prevented a Tragedy.

Timely information given Mrs.
George Long of New Straitsville, Ohio,
prevented a dreadful tragedy and
saved two lives. A frightful cough
had long kept her awake every night.
She had tried many remedies and
doctors but steadily grew worse until
argued to try Dr. King's New Discovery.
One bottle wholly cured her, and she
writes this marvelous medicine also
cured Mr. Long of a severe attack of
pneumonia. Such cures are positive
proof of the matchless merit of this
grand remedy for curing all throat,
chest and lung troubles. Only 50c
and \$1.00 Every bottle guaranteed.
Trial bottles free at S. J. Hodgkinson's
drug store.

Democratic State Central Com- mittee.

There will be a meeting of the Demo-
cratic State Central Committee at
Reno on Saturday, April 14, 1900, at 12
o'clock noon. As full an attendance
as possible is desirable as business of
importance will come before the meet-
ing.

ergy are not found where Stomach,

the success they bring, use Dr. King's
New Life Pills. They develop every
power of brain and body. Only 25c at

A Bad Accident.

A bad accident happened to Cun-
ningham & Ferguson the other day, but
that does not effect their fish business.
They will have fish from below every
Wednesday and Friday. They also
carry a full line of groceries.

An exchange tells of a man who
claimed he was too poor to take his
home paper, but all the same he wrote
a notice in a down East paper telling
how to prevent a horse from slobber-
ing and sent \$1.50 for the recipe.
When the \$1.50's worth of information
came it said: "Teach your horse how
to spit."

SUMMONS.

IN THE SECOND JUDICIAL DISTRICT
Court of the State of Nevada, in and for
Washoe county.
The State of Nevada sends to M. S. Cleve-
land, residing:
You are hereby required to appear in an
action commenced against you by defendant
Frank E. Horn as plaintiff in the Second
Judicial District Court of the State of
Nevada, in and for the County of
Washoe, and answer the complaint there-
in within ten days after the service
on you of this Summons (exclusive
of day of service), if served in said county,
or twenty days after the date of service,
if served out of said county, and in all other
cases forty days; or judgment by default
will be taken against you according to the
prayer of said complaint.
The action is brought to recover the judg-
ment and decree of said court re-forming a
certain deed, and the execution thereof,
made and delivered by said defendant to the
plaintiff on or about the month of January,
1894, conveying to plaintiff certain lands in
Township 30 N., R. 19 East, in Washoe
county, described in plaintiff's complaint,
and quieting plaintiff's title to said lands,
and remove a cloud from plaintiff's title
thereto; and for general relief. All of which
will more fully appear from the complaint,
which is on file in the office of the Clerk of
said Court, at Reno, in said county, and to
which you are especially referred. And you
are further notified that should you fail to
appear and answer said complaint, the said
plaintiff will move for the Court for the re-
lief demanded.
In testimony whereof, I have hereunto set
my hand and the Seal of said Court, at
Reno, this second day of March, A. D. 1900.
F. B. PORTER, Clerk of the Second Judicial District Court
of the State of Nevada, in and for Washoe
county.

To Whom It May Concern.

STATE LAND OFFICE.
CARSON CITY, Nev., Jan. 31, 1900
Notice is hereby given that the State of
Nevada, under the act of Congress approved
June 16, 1880, (41 Stat. 287), has filed with
the Board of Trustees of the State of Ne-
vada, List No. 237, of lands selected under
said act, and has applied for a patent for
said land; that a part of said list is open to
the public for inspection, and a copy there-
of, by descriptive sub-divisions, has been
posted in a convenient place in said United
States Land Office for the inspection of all
persons interested, and the public generally.
Within the next sixty days following the
date of this notice protests or contents
against the claim of said State of Nevada to
any tract of land-drawn hereby in the
list on the ground that the same is more
valuable for mineral than agricultural pur-
poses, will be received and noted by the
Register and Receiver at the United States
Land Office at Carson City, Nev., for report
to the General Land Office at Washington,
D. C.
The following are the sub-divisions de-
scribed to-wit:

M. D. B. and M.—40 acres. E. D. KELLEY,
State Land Register of the State of Nevada.
Date of first insertion, Feb. 3, 1900.

Notice of Petition for Distribution.

IN THE SECOND JUDICIAL DISTRICT
Court of the State of Nevada, county of
Washoe.
In the matter of the estate of } Deceased.
Elizabeth C. Babcock,
Notice is hereby given that Hannah K.
Clapp, the executrix of the estate of Eliza-
beth C. Babcock, deceased, has filed in the
above entitled court a petition for distribu-
tion of said estate, subject to the jurisdiction
of said court, and that the hearing of the
same has been fixed by said court for Satur-
day, the 17th day of March, 1900, at 10 o'clock
A. M. of said day, at the courthouse in the
town of Reno, county of Washoe, State of
Nevada; and all persons interested in the
said estate are notified to attend and there-
upon show cause, if any there be, why
said estate should not be distributed as
prayed for.
